Consultancy assignment for facilitating development of DSAI Strategic Plan 2022-2025.

1. Background

The Development Studies Association, Ireland (DSAI) is a membership based and membership driven organisation including individual and institutional members. It is an independent all Ireland association. The vision of DSAI is the creation of a vibrant and innovative development studies community, which will focus on cutting edge research, led by Irish research institutions, contributing to the reduction of poverty, inequality, and vulnerability in the world. The mission of DSAI is to provide a national platform, which provides an open and participatory space for dialogue between researchers, policymakers, and practitioners, who have an interest in, or are working in international development. DSAI is committed to delivering a new strategic plan for the three-year period 2022-2025. This builds on and extends a previous DSAI Strategic Plan which ran from 2017-2019. This was extended to end 2021 and will be superseded by the 2022-2025 Strategic Plan.

2. Purpose and Objective

The strategic planning process presents an opportunity for DSAI to connect with and hear from grassroots and stakeholders – e.g. individual and institutional members, convenors, funders, and sector stakeholders beyond our current member's base. It should be noted that the Strategic Plan is being developed at an extraordinary moment in history, where DSAI members are coming to terms with different modalities of working, researching and the changes that COVID-19 have led to. Arising from that, this Strategic Plan is being firmly oriented to an exploration of what future DSAI is being invited to contribute to. The planning process will include an attempt to learn or engage with the relevant experience and thinking of other similar associations to help frame DSAI's future and strengthen links for that future.

An external consultant is sought to work closely with the DSAI Steering Committee and DSAI staff to design and undertake a review and consultation process, analyse findings, and produce an outcome document (DSAI Strategic Plan 2022-2025)

3. Scope and focus of the assignment.

The consultant is expected to outline how they would design the strategy process which may include the following:

- a) Review of DSAI key documents, current operations, capacity etc and engage in a series of 3-5 development meetings with the DSAI Chair, Administrative Coordinator and Communications Officer.
- b) Facilitate three dedicated 2-hour sessions with the Steering Committee to support the strategic planning process and for the Steering Committee to establish strategic direction/decisions as required.
- c) Design and analyse individual members survey. Share summary findings and recommendations / considerations for strategic planning. The dissemination of the survey to members will be managed by DSAI staff.
- d) Consultation with study-group convenors, funders, institutional members, and stakeholders beyond our existing members base (e.g. combination of survey / one to one). Summary

findings and recommendations / considerations for strategic planning. Introductions to member stakeholders will be provided by DSAI Steering Committee.

- e) Produce Strategic Plan document that defines clear objectives and an Action Plan for the development of the organisation over the next three years.
