

Tips for Interacting with Dóchas Network Map

Use the toolbar in the top right to **zoom in, zoom out, and zoom fit**. Or, scroll to zoom in and out, and press \ on your keyboard to fit your zoom to the map.

To **hide/show the sidebar**, press **Tab** on your keyboard or click the 3 circles to the middle right of the side panel.

Hover your cursor over circles to see information for each member and showcase anything nearby.

Click and hold on a circle to focus on its connections and to reveal the members' profile information. Then use the focus toolbar on the right to expand and contract the focus.

Press **escape or 'Z'** to return to normal view.

Pressing the letter **'O'** will **space out the circles** for a clearer view.

Click and drag to move circles around the map.

Looking for something in particular? Click on the **search bar** in the upper left of the map, or press S on your keyboard.
